

## Baked Apples

This time of year we sometimes just want something warm and comforting! Especially when apple pies and pumpkin pie is everywhere!!! This is the perfect time to bust out this easy baked apples recipe!!!

- 2 apples
- 2 tsp agave and/or maple syrup depending on personal taste
- 1/4 cup walnuts
- 1/4 cup raisins
- Ginger, cinnamon, cloves to taste

Preheat oven to 375.

Core apples.

Mix agave, maple syrup, walnuts and raisins.

Stuff into cored apples.

Put 3/4 cup boiling water in shallow baking dish.

Place apples in dish.

Bake uncovered for 30-40 minutes.

I had extra stuffing so I put it in the oven in a seperate dish for the last ten minutes then poured it on top when I was plating. Delicious!
